(P.N. No. 187—D 1-9-1950.)

Press Note

The following Note issued by the Ministry of External ffairs, Government of India, is republished for general formation :—

Evacuees from Burma started to return to that untry in 1946. It is felt that sufficient time has been ven to the evacuees to decide their future and that almost l the evacuees who intend to return to Burma have ready left India for that country. Government of Burma ve, therefore, decided that evacuee identity certificates ll be invalid for entry into Burma from 1st January 1951. vacuee identity certificate holders who do not return to rma by 31st December 1950, will therefore lose their acuee status and will become subject to the immigration gulations in the same way as other foreigners. The lders of evacuee identity certificates who intend to return rma are therefore advised to do so by 31st December 0.

(P.N. No. 189—2-9-1950.)

Press Note.

In spite of the appeal made to the public in the Press te dated the 5th May 1950, requests for extra rations in nection with special functions, either private or public still being received in large numbers and simultaneously lications are being made frequently for exemption from rule under the Mysore Food (Restriction of Service of als by Catering establishments and others), order of 1949 tricting the number to be fed or catered to 50 persons any occasion.

The food position in the State, more especially in respect rice, has further deteriorated since May 1950 even to point of being obliged to reduce the rice component of rations. That being so and the position of supplies n outside during the rest of the year being so uncertain re can be no question of complying with requests for itional or special rations. The acute shortage of food- ins in the State is once again pressed on the attention of the public with a view to making it absolutely clear that requests for issue of special or supplemenary rations for whatever purpose or for relaxation of the rule regarding the total number of persons who may be served with food at a time, will be automatically rejected. Government trust that the public will appreciate the position and co-operate with the rationing authorities concerned.

Press Note.

Since exaggerated accounts alleging famine conditions in the Mysore and Chitaldrug Districts have recently appeared in the Press, Government desire that the real position in these Districts should be made known to the public to remove possible apprehensions in their minds.

Towards the middle of June 1950, conditions bordering distress developed in Gundlupet Chamarajanagar, Yelandur and parts of T.-Narasipur and Nanjangud Taluks of the Mysore District, as a result of failure of earlier rains and the consequent loss of mungar crop which is the main source of food supply in this area during this part of the year. Immediately on receipt of report to the above effect, measures were taken at once to open a large number of additional foodgrain depots in the areas affected and to rush special supplies of grains from Mysore and Bangalore in adequate quantities for being issued exclusively to persons affected by the failure of crop. The Hon. the Home Minister toured in these parts extensively in two consecutive weeks in July, with the Deputy Commissioner, Mysore District, and the Officers of the Food Department. After studying the situation at first hand and meeting the people in the various affected parts, the Minister was pleased to give necessary instructions for affording every possible relief then and there. Accordingly, action was taken to throw open State Forests and reserves for free grazing of cattle and to start a number of relief works all over the area to enable needy persons to obtain sufficient means for purchasing foodstuffs. At the same time, instructions were issued to relax the restrictions on the movement of foodgrains to facilitate the transport of grains for *bonafied* requirements of persons from neighbouring areas where foodgrains were available. The situation was continuously kept under watch through special reports obtained every week from the Deputy Commissioner and suitable steps taken from stage to stage to meet the situation. While the position caused some anxiety in the beginning as explained above, fortunately there were some rains in the affected areas in July which relieved the situation and to some extent made it possible for the agricultural operations to be resumed. To help the raiyats to bring as large an area as possible under cultivation, action was taken to collect and rush nearly 2,000 pallas of *hine* ragi from other parts of the District as well as from Bangalore District, which were distributed to the cultivators over the entire area. In respect of lands not ready for cultivation however, action is being taken to obtain *Ibbani jola* seed in sufficient quantities to enable as much of the area as possible not cultivated with ragi being brought under jola crop. The situation was thus kept under control and the recent rains all over the District, commencing from the 20th of August 1950, have relieved the position and restored confidence in the affected parts. The Government are fully alive to the need to keep the people in these parts adequately supplied with foodgrains till the next harvest. The present stock of foodgrains in the District is adequate to meet the normal as well as increased offtakes

in the areas of scarcity and there is therefore no longer any justification for the conditions in this part of the District being described as amounting to famine.

The general failure of rains from May to practically the end of July 1950, in the Taluks of Challakere, Jagalur, Molakalmuru and parts of Chitaldrug, Hosadurga and Harihar Taluks of Chitaldrug District gave rise to an anxious situation. There was difficulty both for food and fodder. But action was taken well in time to throw open the State Forests and reserves in the area for free grazing and to make increased quantities of foodgrains available to needy persons through the existing depots as well as through additional depots opened to meet the situation. The Deputy Commissioner and local officers were constantly in touch with the situation and took prompt measures to start relief works all over the area, thereby providing employment to the poorer classes. The situation has been kept under control and the recent general rainfall all over the District averaging about 1½ inches has considerably eased the position and removed anxiety. The present stocks of foodgrains in the District are fully adequate to meet immediate needs and steps have also been taken to keep the District supplied with sufficient quantities of foodgrains from other areas until the next harvest. The alleged death by starvation of two persons reported in one local newspaper is also found on verification to be quite untrue.

The latest situation in the affected areas of Mysore and Chitaldrug Districts was also reviewed at the meeting of Deputy Commissioners held in the Chambers of the Hon. the Chief Minister on the 24th August and necessary instructions issued to the Officers of the Food Department to keep the situation continuously under watch and to take every possible precaution to prevent any setback.

While Government are fully alive to the acute food position prevailing in the State at present and are taking every possible step to prevent any worsening of the same, it is also very necessary that the public on their side co-operate with Government fully in all the measures that are being taken from time to time and to desist from giving expression to alarming versions or views which are likely to create unnecessary scare among the people.

2. For each subsequent quarter mile or part thereof,	0 1 0 (One anna)
WAITING CHARGES:	
3. For every 15 minutes or part thereof, ...	0 3 0 (Three annas)
LUGGAGE CHARGES:	
4. Per article up to one maund. ...	0 1 0 (One anna)

The other conditions under which the auto-rickshaws will be permitted to ply are :—

3. (a) No monopoly will be given to any individual or company ;

(b) As auto-rickshaws are classified as motor cabs under the Mysore Motor Vehicles and Road Traffic Act the auto-rickshaws will be registered, licensed and inspected subject to the provisions of the said Act and the Rules framed thereunder ;

(c) Not more than two adults and one child under 12 years of age will be permitted to be carried in an auto rickshaw. Two children under 12 years of age will be taken as equivalent to one adult, provided that not more than three persons in all shall be carried in an auto rickshaw, except the driver ;

(d) The permits will be cancelled at any time after giving three months' notice, if the working of the auto rickshaws is not found satisfactory ;

(e) Petrol coupons to auto-rickshaws will be issued as per rules in force.

It is proposed to issue permits for plying fifty auto rickshaws within the limits of the City of Bangalore Corporation for the present. The District Magistrate, Bangalore, has been authorised to call for applications and issue permits to the applicants selected by him in accordance with the conditions mentioned above.
